

HARLOWTON CITY COUNCIL MEETING

March 11, 2014

Harlowton Library Conference Room

A regular meeting of the Harlowton City Council held March 11, 2014 opened with the Pledge of Allegiance. Minutes of the February 25, 2014 meeting were approved as written.

The Library Board has not met yet, so there was no news on the Conference Room Use Policy.

The City County Preservation Committee for the Milwaukee Depot Museum has requested permission from the City Council to build a 14 'X 24' picnic shelter on the North West corner of the land leased from the City. This shelter will have a metal roof and sides the same color as the Milwaukee Depot. It will be built to accommodate all guests including handicapped.

Bryan Tomlinson made a motion to grant the Preservation Committee's request. John Anderson seconded the motion. Motion carries.

Mayor Sell asked the City Council if they had interest to participate in the City Wide Clean Up Day again this year, if they wanted to make any changes to it, or continue to do it the same way we have done it in years past. The Council was in agreement that we should continue the service and it will be looked in to what days the City Wide Yard Sale are what day the High School graduation day is and report back to set a date.

The City of Harlowton is a member of Snowy Mountain Development Corporation but we do not have representation. The meetings are held on a Wednesday of each month and Mayor Sell has difficulty getting to the meetings regularly. He asked the Council if one of them would be willing to take on being the Snowy Mountain Development Corporation representative. Councilman Bryan Tomlinson is going to check his schedule to see if he can attend the meetings in Lewistown.

Ian Reed reported that he and the crew have been busy with snow removal, and the flooding that has occurred. They have also been removing the branches that were broken and hanging down after the heavy snow fall.

Mayor Sell is in the process of working on the inter-local agreement between the City of Harlowton and the County, so the City can use the County's floodplain administrator. Mayor Sell reported that Page Dringman is the floodplain administrator for the county and as soon as the inter-local agreement is finished, she will become the City of Harlowton's floodplain administrator as well.

The tank pumping fuel is running again, but not pumping as fast as it had been previously and is now about half full.

Mayor Sell reported that the Library building has a leak in the roof and as soon as the snow is gone, it will be looked at to see if it needs to be turned in to insurance.

Items for next meeting: Joe Brouillette requested to cover the dump fees.

Ron Teig made a motion to pay the bills. Jim Kalitowski seconded the motion, Motion carried unanimously

Next meeting is March 25, 2014.

Meeting adjourned.
