City of Harlowton Request for Water Turn-off/Turn-on

Signature of applicant

Date

Signature of Water Superintendent

Date Water turned off

Off, on Utility Billing

Signature of Water Superintendent

Date Water turned on

On, on Utility Billing

I am requesting that the water service be shut off/on for the above residence at the curb valve. I understand that I, an adult family member, or another authorized adult representative will need to be present at the address for the water shut-off to ensure the curb valve operates correctly. If the curb valve is inoperative and I still wish to proceed with turning off the water, I acknowledge that the valve will be excavated and replaced by the City at my cost, weather permitting. Furthermore, I am aware that if my water is turned off during winter weather, I should take steps to winterize my home to protect the interior water pipes from freezing and potential damage. It is also my responsibility to shut off the power to the water heater if the water is turned off to prevent evaporation and the risk of fire. Please note that the minimum sewer charge of \$39.37, and minimum solid waste charge of \$2.23 will still apply during the turn-off period.

Requested date for water shut-off: _____
(date)

Requested date for water tun on: _____
(date)

I understand that the City Water Superintendent will contact me to schedule an appointment.

FOR OFFICE USE ONLY:

Add to Snowbird List _____ Route #: _____

Size/Water Rate _____ Changed in UB (initials & date) _____

Sewer Rate _____ Changed in UB (initials & date) _____

ONCE RETURNED Water & Sewer rates restored in UB, remove from Snowbird List (initials & date) _____

Account # _____

Additionally, I understand that there are fees to have the water turned back on, and I am required to arrange an appointment with the City Water Superintendent for its restoration. I acknowledge that I, an adult family member, or an authorized adult representative must be present at my home when the water is turned on to ensure there are no water leaks.

Fees: \$400 - Meter reconnect
\$800 - Initial water hookup
\$800 - Initial sewer hookup
